Starsector is an old school, turn-based space strategy game set in the future. The game revolves around fighting space pirates and earning military credits to buy new ships. A nice feature to the game is that it includes new players on the planet to watch over the universe. Activation Code FAQ | Starsector Free Game | Starsector - Game Download Nov 2, 2019 · Starsector, like many space-based games, was developed by a single person working on the project throughout its entire life, so the game features a lot of interesting ideas. Moreover, it's a very spiritual game. Unfortunately, one of the more controversial aspects of Starsector, and the reason many people don't like the game, is the optional, player-controlled inter-species breeding feature. It's a good feature that allows human players to cast spells like pharaoh to 'breed' with aliens and control their offspring. However, the vast majority of players think it's goofy and just adds a layer of absurdity to the game. In short, Starsector was a bad game in an age of bad games. The game was a bit rough around the edges, and also had a very angular UI that was just not up to par for the time. The game also didn't really do anything new, and as a space strategy game in the early 90s, it was pretty boring. However, like many old DOS games, it does include some interesting ideas and really excellent sound design, so for that alone it was worth at least checking out. 89% of 190 users recommended it!Activation Code FAQ | Starsector Free Game | Starsector - Game Download Activation Code. Starsector is an old school, turn-based space strategy game set in the future. The game revolves around fighting space pirates and earning military credits to buy new ships. A nice feature to the game is that it includes new players on the planet to watch over the universe.
